

To Family and Friends,

For many years I have been frustrated with the politicians who claim to represent us in both the Republican and Democrat parties. It appears that many of them simply do not represent what I and many of my friends want in our elected officials.

My desires are fairly simple. I want someone who is honest, knowledgeable, wants to reduce spending, reduce taxes, improve the climate for small businesses, permit me to decide who I want to go to for medical services and reduce the overall size of federal, state and local government. Along with this, I would like them to leave personal decisions like religion, the size of my family and the education my kids to me.

I know that I may be asking for too much since I find that neither party seems to have a lock on these candidates. For that reason, I am encouraging each of you to remember that in a General Election, you are permitted to vote for ANY candidate no matter what party they are in. Yes that's right. You can pick ANY candidate on either the Republican, Democrat, Green, Environmental or whatever party ticket he or she is on.

I know that many of you know that but many also forget it once then enter the voting booth. All too often, when a voter sees "Vote for Two", they simply vote for the two candidates their registered party is supporting. If we are really going to get people who represent our desires, it appears we must remember to select them from whatever party they are part of.

We need to become more involved and investigate their backgrounds and their beliefs and see what they represent versus what WE believe. If we vote this way, instead of voting the traditional straight party ticket, maybe then, we will send a message that, just because you are a Republican or a Democrat that doesn't entitle you to our vote.

As an example this year is a new candidate, Dr. Robert Villare, who is running for Assemblymen in the 3rd District. Just in case you don't know if you are in the 3rd District here it is: New Jersey's 3rd Legislative District Cumberland County: Bridgeton, Commercial Twp., Deerfield, Downe, Fairfield, Greenwich, Hopewell, Lawrence, Shiloh, Stow Creek, Upper Deerfield. Gloucester County: Clayton, East Greenwich, Elk, Greenwich, Harrison, Logan, Mantua, National Park, Paulsboro, South Harrison, Swedesboro, Wenonah, West Deptford, Woolwich. Salem County: Alloway, Carney's Point, Elmer, Elsinboro, Lower Alloways Creek, Mannington, Oldmans Twp., Penns Grove, Pennsville, Pilesgrove, Pittsgrove, Quinton Twp., Salem, Upper Pittsgrove, Woodstown.

This guy actually makes sense. I have attached just one of his position papers which can be seen at:

<http://votedocbob.com/pdfs/homeowners-5.pdf>

Take a look at this and it will give you a good idea of what he stands for. If you would like to know more about him, just check out his web site at:

<http://votedocbob.com/index2.html>

I think you will find that he actually has a plan for how to help us and that he represents what many of us want in office today. If you really want to change what is happening in your area, this time make it a change for the good, you can vote for Dr. Villare, I encourage you to do that in this next election.

Rich
